

WE'VE DESIGNED TOOLS TO MAXIMIZE YOUR LEADERSHIP DEVELOPMENT JOURNEY

ONLINE LEADERSHIP TOOLKIT

PERSONALITY STYLES

- Upon completion of a self-assessment users will learn which personality style they most closely align with. With this knowledge users can improve communication and trust.

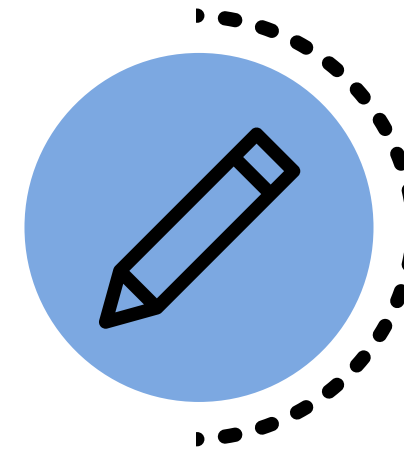

GOALS & PRIORITIES

- Interactive features guide the user through the process of aligning the core goals of the team & identifying the tactical steps they'll take to achieve them.
- Utilizing an interactive task & role inventory, users will ensure they are prioritizing task which correlate to their strengths & identified goals.

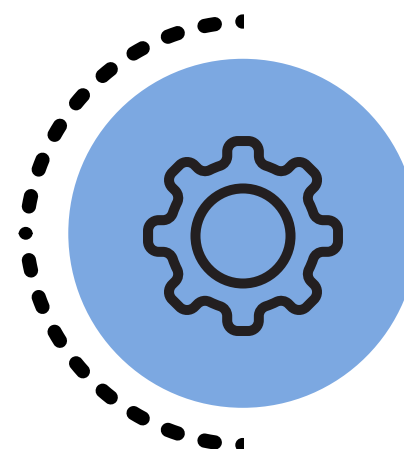

EFFECTIVE COMMUNICATION

- Communication in the workplace is a fundamental key to collaboration and cooperation. Our interactive assessment will help users identify areas of opportunity for improved communication of all forms.

TASK & ROLE ALIGNMENT

- For peak performance individual strengths should be in alignment with what is the best fit for the responsibility at hand and role overlap should only exist when necessary.
- We have developed materials to help you assess & align strengths and to make sure all tasks have appropriate coverage.

ORGANIZATIONAL SAVVY

- An organizationally savvy leader is one who has the ability to successfully lead, even without authority. Our organizational savvy assessment is designed to help users assess their level of organizational savvy in order to elevate it.

SUCCESSION PLANNING

- Succession planning prepares you and your team for future leadership changes. This process can also serve as a path to leadership development.
- Our interactive tools will help you memorialize institutional knowledge and get your succession plan in motion.
