OBJECTIVES

Succession planning for professionals is the vital and deliberate process of identifying and developing future successors to lead a practice or assume critical roles within in an organization. Succession planning helps teams develop team members, identify gaps in the team's suite of skills and craft a roadmap for team success.

Our customized training program is tailored to professionals and will guide participants through the process so they can ensure the protection of clients and the future of the practice.

THE "SUCCESS" PLAN

We've broken down Succession Planning into an easy to follow "SUCCESS" Plan which includes the following:

- Understanding Succession Planning Issues
- Business Continuity Planning
- Successor Identification
- Individual Growth Plans
- Talent Development Structure

ADDITIONAL BENEFITS

- An added benefit of our program is that by implementing our succession planning framework you will gain information which will help you grow your business today.
- Protect your clients and business.
